RESOLUTION 00-1

Passed as amended

TITLE: Opposition to Interior Designer Licensing

RESOLVED, inasmuch as the licensing of interior designers may not protect the health, safety, and welfare of the public in the built environment, the National Council of Architectural Registration Boards opposes the enactment of additional interior designer licensing laws and directs the Board of Directors (i) to monitor the licensing efforts of the interior designers, (ii) to take appropriate actions to oppose such efforts, and (iii) to continue to support Member Boards of the Council with accurate information with which the Member Boards may effectively oppose such efforts.
